

JIM DOYLE
GOVERNOR
STATE OF WISCONSIN

May 22, 2008

Mr. Ingo Valentin, President
Valentin Technologies, Inc.
14900 Westover Road
Elm Grove, WI 53122

Dear Mr. Valentin:

Thank you for writing to ask for a letter of support for your plans to compete for the Progressive Automotive X-Prize, which will award \$10 million for the best 100 mpg car in 2010.

I deeply appreciate your kind words about my support of initiatives at the state level to encourage the development of renewable sources of energy and to combat global warming.

I welcome the opportunity to express strong support for your participation in this competition. The Ingocar, with its unique and innovative design, clearly has the potential to be a big leap forward in reducing our nation's dependence on foreign sources of energy.

I know you have received support in the past from both the state and federal governments, and that you have assembled a team of top experts for this project. It is a source of hope and pride for me to know that right here in Wisconsin we are in the forefront of developing a concept like this one.

I wish you the best in the coming competition, and I look forward to hearing more about your progress.

Sincerely,

A handwritten signature in black ink that reads "Jim Doyle".

Jim Doyle
Governor
